

This year is our 78th Reunion! I (**Sara “Tedi” Ketenbrink Williams**) enjoyed being in touch with **Jean Noonan Faulker** and **Therese Roy Light**. Therese’s children had a 100th birthday celebration for her in October. Tina, her daughter, said she is doing everything for herself. She was showering, so I didn’t get to talk to her. Jean is having meals in her room now and enjoying visits from family. She and I have a retina eye problem. My children are having a 100th birthday party for me in March.

Finally, **Josephine “Jo” Storto Mago’s** mailbox is full and had no answer to my letter.

Barbara Holman’s phone is disconnected.

The Woods is still a very important part of my life!!
