

The only update I received this time was from **Karen Aeschleman Hurley**. Her second term on the SMWC Alumni Board concludes in June. It has been a pleasure to serve the impressive alumni community, especially the Chicago area alums! She started a new position in March as executive director for Association Acumen located near Milwaukee. She and Brian moved into a beautiful apartment overlooking a waterfall near her office, and commute to their home in Chicago on weekends. It's an adventure for sure.

See you in the next Onyx!

Luahna Winningham Carter, Class Secretary
